"The true value of the martial art is not in 100 victories but in the perfection of the character of the students."

- - Gichin Funakoshi

At Yong-In Master An's Tae Kwon Do, our focus is to help your child develop physical strength and agility, and to teach the non-physical aspects of martial arts. It is important to us that the students learn that martial arts are about developing the mind and spirit as much as the body.

Please take a few moments to answer the following questions so that we may learn more about your child's habits at home and at school. Thank you for your cooperation.
